

WORKSHOP AT UC Sierra Foothill REC

Ranching and Range Management in a Drying Climate

Wednesday, May 15th, 2019

9:00 am - 3:30 pm

UC Sierra Foothill Research and Extension Center
8279 Scott Forbes Rd, Browns Valley, CA

\$25 Registration
CLICK HERE
(lunch included)

UC researchers and agency scientists discuss emerging understanding and decision-support tools to support rangeland management and livestock production under a drying and more variable climate

TOPICS COVERED

- *Changes in rangeland ecosystem services in a drying climate*
- *Managing soils and forage to optimize soil health and production*
- *Livestock production, decision tools, trigger points in drought*
- *Livestock health management during drought, deluge and fire*
- *Climate data and data visualization tools to support on-ranch planning*
